# PREPARING FOR A BA JOB INTERVIEW

---

## **WHO WILL I BE MEETING WITH?**

Most often you'll receive a list of people you'll be meeting with. Research them on LinkedIn and on the web. Look for common areas of interest or hot button issues.

## **WHAT QUESTIONS WILL I ASK?**

Prepare a list of 5-10 questions that you'll ask when given the opportunity.

*Try to weave the questions into the interview conversation and avoid asking them all in a row at the end of the interview.*
